RE: THANK YOU FOR THE SCHOLARSHIP

Dear Bernard Osher,

I write this letter with extreme gratefulness and appreciation in order to thank you for your generous contribution to scholarship for my education. I am vastly delighted and grateful to know that I was selected as the recipient of your scholarship. I highly appreciate your kind consideration and support.

I am the fourth born child in our family and my parents are struggling to pay our college fees due to lack of enough financial resources. For some reason, they were dismissed from their workplaces and do not have a stable source of income. Thus, this scholarship will significantly lessen my family's financial burden by catering for a large portion of my college fees. It will also allow me to dedicate much more time to fruitful studies

because my attention will shift from looking for college fees to studying. Currently, I am a final-year student at XYZ College where I study business management. I am also a member of the Association of Upcoming Businesspersons in New York State where I serve as a treasurer. In this Association, I also dedicate hours to volunteer taking part in positive activities, such as the Association's Social Responsibility, that aim at improving the lives of people in the society. My experience as a community volunteer in a nearby Children's Home has enabled me to see the reality that so many children around the world never have a chance to get education. It is one of the reasons why I am very grateful for your support and do not take for granted my educational opportunity.

Throughout my academic career at XYZ College, I have always aimed for excellence. To this point, my undergraduate studies have gone well and I have been able to maintain a strong GPA of 4.2. I have also made it twice to the Chancellor's List of Excellence. After graduation in July 2015, I hope to further my education by enrolling in the New York School of Humanities to study Community Development. I believe it would enable me to gain a deeper understanding and knowledge of how to make the society a better place. Eventually, I will be able to do humanitarian work in the United States and abroad to help those most in need. Your generosity has also inspired me to help others and give back to the community. I hope that one day I will be able to help needy students achieve their goals in life just as you have helped me.

Thanks for your confidence in my potential. Such generosity will help

me reach my goals. You reaffirm that my dreams are possible. I have accepted your kindness with honor.

Yours sincerely,
